

A Time for Action: The Federal Surface Transportation Authorization

PANEL DISCUSSION **Date: April 29** **Time: 10:30 a.m.**
The Great Hall
1 Union Pl - Union Station - Hartford

Expanding the mobility choices for Connecticut residents and funding a 21st Century multi-modal transportation system are critical to the health of the state's economy, quality of life, environment and communities. In the coming months Congress will develop a new federal surface transportation authorization (SAFETEA-LU expires September 30). You are invited to participate in the public discussion and hear from a panel of national leaders about their visions for the federal policy and the investments that promote transit availability and ridership, energy independence, the environment, climate stability, effective land use and the economy.

The panelists-

Richard Doyle, Regional Administrator for the Federal Transit Administration (FTA), **Marlene Connor**, Chair of the APTA Legislative Committee Intergovernmental Sub-Committee, and **Dale Marsico**, Executive Director of the Community Transportation Association of America (CTAA) will discuss the federal surface transportation authorization and the policy changes that can assist Connecticut to create a transportation system that is balanced and multi-modal.

Who should attend? Anyone who is interested in public transportation, economic development, workforce development, access to jobs, livable communities, transit-oriented development, the environment and smart growth. Invite your colleagues and elected officials.
